With a five years' experience running a children's entertainment company coupled with her extensive network of some of the UK's top performers, Sedona knows exactly how to produce memorable events that will get guests talking.

Skye has over 13 years' experience working in PR and events. Having started her career in Dubai she has been lucky enough to have worked all over the world and is now based in London.

She has worked with agencies and organisations across multiple industries with a range of clients including Mitsubishi, PayPal, Vodafone, Emirates NBD and flydubai.

OUR CLIENTS

"We were lucky enough to have Sedona and her team organise a summer party and we loved it so much, we just had to invite them back to create our Christmas circus themed extravaganza party!"

"What myself and my team adore about Sedona, is her ability to be so personable and positive not just throughout the party itself, but also when corresponding with her via email and prep sessions on Zoom."

"They are so professional and organised and make it look effortless. There's no request too large as they will always go above and beyond in meticulous detail and thoughtful planning to make your event a roaring success. We can't thank Sedona enough and can't wait to have you back again!"
